November 14 at 8:02 AM

For the month of November, I've committed to posting everyday about someone in my network who inspires me with

their passionate leadership. Today I'm inspired by René Flagg, Founder and Executive Director of True Identity House of Refuge.

[Rene Flagg](#) is a passionate leader who has a Dynamic Vision Focus. She is a retired nurse who had a vision to provide a program for women between 21 and 50 years to heal their spiritual, emotional, psychological wounds. Rene's vision includes a physical place where women can seek respite and support. Because of the COVID pandemic, that part of the vision has been put on hold. Currently, True Identity House of Refuge, through Biblical Counseling and group events, helps women become confident of their true identity in Christ by establishing a spiritual mindset that overcomes the "ills" of what society and personal life events have place on them.

I am honored to call Rene a friend and have watched her hold fast to the True Identity vision, while remaining flexible on how the vision will be manifested.

For your dedication to carrying out the Vision you've been given, René Flagg, you inspire me.
